

COS Awards 2023

COS Staff Award for Mentorship

This award recognizes a staff member who exemplifies the spirit of mentorship by teaching and enabling others to be successful in their work.

COS Rising Star Staff Award

This award recognizes a new staff member who has demonstrated incredible talent, initiative, and engagement with the College.

COS Staff Award for Excellence and Leadership

This is awarded to a staff member (or a team) who has distinguished themselves with a high-level of expertise in their field, or demonstrated leadership and innovation in ways that provide significant value to the College and University through their work.

COS Excellence in Equity, Diversity, Inclusion, and Justice Awards

These are awarded to faculty and staff members who have undertaken successful and measurable efforts to advance equity, diversity, inclusion, and justice in the College of Science.

COS Excellence in Research Award

This award celebrates recent research accomplishments by members of the COS faculty or faculty-led teams.

COS Mentorship Award

This award(s) celebrates a member of the COS faculty who has enabled students, staff, or other faculty members to achieve their goals through exemplary mentorship.

COS Innovation Award

This award recognizes a faculty and staff member contributing to the College in innovative ways, including (but not limited to) teaching methods or topics, research methods, topics or products, or novel approaches to organize work streams or units.

CONNECTS Award

This monthly award recognizes exemplary contributions to the College by full-time staff or faculty members in three categories.
