### **Marine Science Center Undergraduate Research Internship Summer 2023**

The Marine Science Center is pleased to announce Summer Internship opportunities focused on research experiences for **Northeastern undergraduate students** during the summer of 2023. The goal of the MSC Internship is to provide undergraduate students with an in-depth research experience with one of the Marine Science Center's faculty. In appropriate cases, this position can be used as a springboard for further efforts devoted to independent research or Honors Theses. The stipend for this Internship is \$2,500 per month at 35 hours per week.

To apply, please email the following materials to Dr. Geoffrey C. Trussell (Professor and Chair, MES, Director, MSC; [g.trussell@northeastern.edu](mailto:g.trussell@northeastern.edu)) and Thais Bittar (MSC Operations Coordinator, [t.bittar@northeastern.edu](mailto:t.bittar@northeastern.edu)):

1. Resume
2. Academic transcripts (unofficial are acceptable)
3. 1-page essay on the research and experience that you wish to achieve while on the Internship
4. Start and end dates of the proposed Internship (a minimum of 2 months and a maximum of 3 months and must fall between May 1 – Aug 30).
5. Name of faculty member that you wish to have serve as your mentor and a brief letter from the prospective mentor indicating their support for you as an intern in their laboratory.

Applications are due no later than March 24, 2023 and undergraduates majoring in Marine Biology, Environmental Science or Environmental Studies are especially encouraged to apply. The internship is intended for students who wish to work with a **faculty member based at the Marine Science Center (NU Nahant campus)**. Students should [identify and contact a prospective mentor](#) in advance of the application deadline to discuss potential research projects/experiences. Once the initial review of applications has been completed, students will be invited to interview with their prospective faculty mentor. The Committee will consider students seeking internships that are active between May 1 to August 30, 2023.
